## **PREFACE**

A High-Performance mission at British Weight Lifting (BWL) is to develop a sustainable World Class Programme (WCP) for IPC World Para-Powerlifting that supports the development and preparation of talented lifters who demonstrate the potential to win medals at Paralympic Games in the future.

Athletes who are selected on to the WCP will be nominated for a UK Sport Athlete Performance Award (APA), which is a Lottery-funded grant to support their partnership with the WCP and progression towards the podium at the Paralympic Games. BWL have 4 WCP places and therefore 4 UK Sport APA awards available to award to eligible athletes.

The maximum number of places available on the WCP between 1<sup>st</sup> May 2017 and 30<sup>th</sup> April 2018 is 4. BWL have the opportunity at the annual investment review (AIR) to provide evidence for the number of places on the program to increase.

## **PURPOSE**

The policy has been established to select athletes for the WCP who are most likely to win medals at the Paralympic Games in Tokyo 2020 and/or the Paralympic Games in 2024, contribute to the sustainability of the WCP and who can take full advantage of the opportunities and support on offer from the WCP.

It has been based on the following (this is not an exhaustive list):

- An athlete's performance level. Podium or Podium potential.
- An athlete's rate of progress regarding, competition performance, process based markers of physical development and therefore the likelihood of them producing a medal winning performance at the Tokyo 2020 and/or 2024 Paralympic Games.
- Athlete willingness to engage in a partnership with BWL, be productively supported by the WCP and its staff, learn new skills and contribute to the environment in which all members thrive.
- The WCP's focus to establish and agree with each athlete what they need most to bridge the gap to the podium or to a more prestigious medal.

## **WORLD CLASS PROGRAMME OBJECTIVES**

- To win 1 to 2 medals at Tokyo 2020 Paralympic Games.
- To develop a sustainable WCP with the potential to win more medals at the 2024 Paralympic Games than in Tokyo 2020.

## Appendix 1 – Performance Matrix

### IPC Powerlifting Performance Matrix 2017-2021

BWL Performance matrices that will be used to determine the funding levels for athletes in BWL IPC World Para-Powerlifting WCP squads. This performance matrix will be used as part of the BWL WCP Selection Policy to determine Athlete Performance Awards (APA).

Once membership to the WCP has been achieved there is a requirement that the athlete should progress along the funding matrix at a rate agreed with the and Performance Director.

BWL have **4 APA places** from level E to level A. The award period is from 01<sup>st</sup> May 2017 - 30<sup>th</sup> April 2018.

Athletes on the WCP and in receipt of an APA will also be eligible for support through the Athlete Medical Scheme (Insurance) and the BOA Passport Scheme

The APA is a grant paid directly from UK Sport to the Athlete, The APA is designed to enable athletes to fully engage with the WCP and meet the necessary training and competition demands associated with progression towards the Olympic podium.

APA's serve to contribute to the **athlete's ordinary living costs** and **their personal sporting costs**. APAs are subject to a means testing exercise. UK Sport has set a maximum income threshold of £65,000 (including their APA) above which an athlete's APA will begin to be deducted pound for pound.

### Competition Opportunities to Attain a Higher Podium Potential APA funding Level

On an annual basis, the following competitions will be opportunities to demonstrate a performance standard that meets the APA matrix requirements for a higher level of funding.

- **2017/18** – British Championships, World Championships, IPC World Cups
- **2018/19** – Commonwealth Games, European Championships, British Championships, Welsh Open
- **2019/20** – British Championships, World Championships, IPC World Cups
- **2020** – British Championships, Tokyo 2020 Paralympic Games, IPC World Cups

These identified competitions are to be confirmed with UK Sport and are part of ongoing discussions with UK sport and any update will be communicated immediately.

### **Short Term and Long Term Injuries Impact on APAs**

In the event of short term injury/illness, and if an athlete is likely to recover to full fitness for training and competition, the athlete may continue to receive their full APA allowance up to a maximum of three months from the point of injury.

To continue to receive funding during a performance limiting injury/illness, the athlete would have to agree an appropriate rehabilitation/training and (if appropriate) competition programme with the Performance Director that would timetable and plot the return of the athlete after the injury/illness to full competitive level and to participate fully in the WCP as per the WCP Selection Criteria.

At the end of the three-month period of injury/illness, the Performance Director would be required to undertake a review with the athlete to assess the commitment and progress of the athlete against the agreed programme. If the athlete, during this three-month period had shown neither commitment nor progress against the agreed programme, the athlete would be given a notice period before being removed from APA support.

### **Pregnancy impact on APAs**

To continue to receive funding during pregnancy (and after childbirth), the athlete would have to agree an appropriate training and competition programme with the Performance Director that would timetable and plot the return of the athlete after childbirth to full competitive level and to participate fully in the WCP as per the WCP Selection Criteria.

At the end of a three-month period after the childbirth, the Performance Director would be required to undertake a review with the athlete to assess the commitment and progress of the athlete against agreed performance targets. If this commitment were not demonstrated by the time of the three-month review, the athlete would be given a notice period (dependent on her time spent on the WCP) before being removed from APA support.

### **Transitional APA Funding**

One month transitional funding will be offered to all athletes who are leaving the sport by choice, retirement or are no longer nominated for a place on the WCP at Podium or Podium Potential level. This one month transitional funding could be within an athlete's current award period, i.e. Athlete Reviews should be conducted before APAs are due to expire to allow for a transitional period and paperwork to be turned around. Further funding could be offered at current grant level and for a period of time dependent on continuous time spent on WCP to recognise commitment to the programme. This additional transitional funding is made at the discretion of the Performance Director:

- 1 year = 1 month transitional funding
- 2 years = 2 months transitional funding
- 3 years = 3 months transitional funding
- 4 years > = 4 months transitional funding
