## Selection Policy Overview

This selection policy has been created to select athletes for the BWL World Class Programme who demonstrate the highest potential for achieving medals and top 8 finishes at the Los Angeles 2028 and Brisbane 2032 Olympic Games.

Its design is to enable the selection of weightlifters who have shown both a commitment to the sport and possess the potential to win medals at the following events (in order of priority):

- 2028 Olympic Games
- 2032 Olympic Games
- Future World Championships
- Future European Championships

The selection of lifters for the BWL World Class Programme (BWL-WCP) will be made according to the criteria outlined in this document.

Selected weightlifters will be required to develop an Individual Athlete Plan (IAP) and achieve the performance objectives agreed with the BWL Head of Performance (or their delegate). These criteria may differ from WCP selection criteria and are illustrated in the Athlete Performance Award (APA) matrix in Section 11.

This selection policy is an annual policy that will be reviewed and confirmed in October of each year to ensure it remains fair and efficient. Any such review will take into account external rule or policy amendments and any relevant feedback from selectors, athletes, coaches, and appeal panels. However, BWL reserves the right to amend this selection policy or process outside of this annual window in the event of unforeseen circumstances that could reasonably jeopardise the performance, safety, or well-being of athletes and staff. All athletes will be notified of such changes via email at the earliest possible opportunity, and updates will be published on the BWL website.

Unless deselected, weightlifters will be selected for the period 1 May 2026 to 30 April 2027. Selected athletes will be confirmed onto the WCP once they have signed and returned the BWL WCP Athlete Agreement. In the event of deselection, World Class Programme members will be given at least one month's notice for every year they have been a BWL WCP member, up to a maximum of three months.

Selected athletes will be matched against a stated personal funding level based on performances over the last 12 months, alongside their medal potential for LA (2028) or Brisbane (2032).

### 1. Minimum Eligibility Criteria

To be considered for selection for the BWL-WCP athletes must satisfy the following criteria:

- 1.1 Be a citizen of the United Kingdom and hold a valid British passport prior to the 1 May 2026.
  - a) In the case of multiple citizenship, the athlete must not have represented another country within a period of 12 months and have been approved by the IWF according to their regulations.
- 1.2 Must send a clear photo copy of their passport and a copy of their WADA ADEL(ILA) certificate via email to [tara.drake@britishweightlifting.org](mailto:tara.drake@britishweightlifting.org) no later than 23:59, 15 March 2026.
- 1.3 Must have submitted a Declaration of interest [here](#) no later than 23:59, 15 March 2026
- 1.4 Must be a current member of British Weight Lifting (BWL)
- 1.5 Must not be currently under:
  - a) disqualification, expulsion or suspension by all or any of: BWL; the athlete's respective National Federation; the IWF; the EWF, IOC and/or any other body competent and recognised by BWL; or disqualification, expulsion or suspension under the World Anti-Doping Code.
- 1.6 Must remain compliant with the BWL and IWF Anti-Doping Controls and complete all relevant UKAD Education & Training required by British Weightlifting and the IWF

- 1.7 Must sign an 'Athlete Agreement' and display behaviours in-line with both the 'BWL codes of conduct' and 'World Class Programme' Athlete charter at all competitions and training camps.
- 1.8 Must have an ADAMS Whereabouts profile and have submitted complete whereabouts information for the full period of Quarter 2, Quarter 3 and Quarter 4 for 2025 no later than 23:59, 15 March 2026.
- 1.9 Athletes will be required to identify any personal coach(es) and practitioners who they are working with. To be eligible athletes must only work with coaches who are not banned or in dispute with IWF, BWL, WADA, IOC, UKS or any other competent body.
- 1.10 Athletes must be 18 years of age or older to be a member of the World Class Programme
- 1.11 Athletes must meet all the UKSport eligibility criteria that can be found at [Eligibility | UK Sport](#)

If the Athlete meets the Minimum Eligibility Criteria at the time of selection, but subsequently, prior to or during the period of selection fails to meet them, then BWL shall have absolute discretion to deselect the Athlete from the World Class Programme.

Any queries about the 'Minimum Eligibility Criteria' for this competition should be sent to [Beverley.Kettley@britishweightlifting.org](mailto:Beverley.Kettley@britishweightlifting.org) no later than 15 April 2026.

## 2. Minimum Qualification criteria

The athlete must have achieved the minimum qualification standard (MQS) for their corresponding age and bodyweight category in an IWF, EWF, or BWL competition during the qualification period: 20/October - 20 April 2025. Minimum qualification standards for the World Class Programme can be found below

Categories in Yellow are not Olympic Categories at LA 2028

**2.1 Key Selection Events** - Athletes must have lifted in no less than two (2) of the following events in the last twelve (12) months to be eligible for selection. Results from these events (which fall within the qualification period) will be considered in order of importance over results recorded at other events if they also fall within the qualification period:

- (A) *IWF World or EWF European Senior Championships*
- (B) *IWF World or EWF European Junior, Under 23 and Youth Championships*
- (C) *BWL - British Senior and / or Home Nation Senior Championships*

Athletes are expected to lift in key selection events to demonstrate their ability to perform under pressure against high-level opponents. These events should also provide higher standards of officiating, and there is potential for the presence of anti-doping testing under the jurisdiction of UK Anti-Doping or the International Testing Agency (ITA)

2.2 Under the unusual circumstances due to changes to IWF Weight categories from 1 June 2025, discretion for bodyweight in accordance with appendix A.

### 3. Extenuating Circumstances

Extenuating circumstance applications will be considered at the beginning of the selection meeting, The selection panel will review Extenuating Circumstances (4.1) prior to the Selection Process section (5.0)

**3.1 Extenuating Circumstances** - Can be considered in specific situations where an athlete is unable to achieve the minimum eligibility criteria (2.0) or minimum qualification criteria (3.0) through no fault of their own. Please see "Appendix B" for further details on how to request extenuating circumstances. Final approval is at the absolute discretion of the selection panel.

**3.2 The Selection Panel, in its sole discretion, may approve applications** from athletes who have been unable to meet the minimum eligibility criteria (2.0) or minimum qualification standards (3.0) for this programme, provided that such inability does not reasonably appear to limit the athlete's ability to achieve performance objectives at least equal to the Minimum Qualification Standard during the first 3 months of their selection (MQS) (3.0) in their respective bodyweight category.

It is highly probable that athletes whose requests for extenuating circumstances are approved and who are subsequently selected for this programme will be subject to additional conditions of selection (6.4) pertaining to the area(s) impacted by their extenuating circumstances (6.2.1 to 6.2.4). These conditions are intended to ensure the athlete's capability of achieving a performance that is at least equal to the Minimum Qualification Standard during the first 3 months of their selection (MQS) (3.0).

### 4. Selection Process

This selection policy has been created to select athletes for the BWL World Class Programme who demonstrate the highest potential for achieving medals and top 8 finishes at the Los Angeles 2028 and Brisbane 2032 Olympic Games. It enables the selection of weightlifters who have shown a commitment to the sport and possess the potential to win medals at the following events (in order of priority):

- 2028 Olympic Games
- 2032 Olympic Games
- Future World Championships
- Future European Championships

The selection panel will convene during the week beginning 28 April 2025

At the beginning of the selection meeting, the selection panel will be asked to:

- Review and verify the accuracy and availability of supporting information.

- Check the longlist of athletes who submitted declarations of interest.
- Raise any concerns if they feel that any athletes are missing from the long-list
- Confirm their agreement on which athletes have met the minimum eligibility criteria
- Consider whether current WC athletes have met agreed performance targets first, to determine number of vacant WCP places.

**Supporting information** - The selection panel, who will be provided with access to (without limitation) the following supporting information:

- (A) The Long-list of all athletes who submitted a declaration of interest for the event
- (B) BWL Ranking list of all lifters who meet the minimum eligibility criteria (2.0)
- (C) Results from the European Youth Championships 2025
- (D) Predicted medal zones for this event
- (E) UKS Performance Trajectory & Competition History of BWL Sport 80, IWF and EWF events
- (F) Registers of Attendance for GB Training Camps and Squads over the last 12 months
- (G) A recommendation for WCP Athlete nomination from the BWL Performance Team

The advice and experience of the BWL performance team and national coaches who work regularly with athletes during training camps and international competitions will be considered by selectors throughout the selection process to evaluate whether athletes demonstrate the necessary skills & behaviours to deliver no less than equal to their best performance at this competition and future events (1.0)

#### **4.1 Programme Size restrictions**

The BWL WCP size is restricted to the maximum number of UK Sport Athlete Performance Award (APA) places. For 2026-2027 this is 12.

4.1.1 *The maximum number of APA places is 12*

4.1.2 *The maximum number of athletes who can be considered at each funding level is 6.*

**4.2 Athlete Ranking** - BWL, IWF and EWF competition data will be used exclusively to generate a combined ranking list including all Men & Women who have lifted the minimum standard. The following formula will be used to generate each athletes percentage ranking:

*Best total during Qualification period*

*World Ranking Standard (Kg)*

The ranking standard against which athletes are measured is based on the average total required to win a bronze medal at the last three World Championships.

BWL Sport80 data is used exclusively to generate athlete ranking lists (5.2); however, only results recorded at the following levels of competition will be used to generate ranking lists for international qualification purposes:

- IWF / EWF / CWF competitions
- British and Home Nation Championships (or overseas equivalents)
- British and Home Nation Age-group Championships
- BWL Performance Pathway Trials events

If an athlete wishes to include competition results in the BWL Sport80 system that are not from BWL, IWF, EWF, or CWF competitions, they should contact [competitions@britishweightlifting.org](mailto:competitions@britishweightlifting.org) to explore the possibility of doing so. BWL reserves the right to reject competition results if any doubt exists regarding the standards of anti-doping, technical officiating, or the accuracy of the results.

BWL Pathway Rankings are updated online [here](#) on the 15th of each month, based on results recorded in the six months prior to the 1st of each month. Athletes and coaches should note that pathway rankings may not align perfectly with international competition qualification periods, and should check dates thoroughly when reviewing the data.

#### 4.2.1 Women’s Ranking Standards – World Bronze Medal Average (2023, 2024, 2025)

W49	W53	W57	W61	W69	W77	W86	W86+
198	208	218	226	237	245	256	275

#### 4.2.2 Men’s Ranking Standard – World Bronze Medal Average (2023, 2024, 2025)

M60	M65	M71	M79	M88	M98	M110	M110+
293	312	331	343	370	385	406	442

### 4.3 Final Programme Selection

The Selection Panel, at its discretion, reserves the right to select the athletes who demonstrate the greatest potential to win medals at the following events (in order of priority): the Olympic Games 2028, the 2026 Commonwealth Games, and the Olympic Games 2032.

The role of the nominated selection panels is with use of the supporting information available (highlighted above) to appropriately challenge and review the recommended Athlete Nomination list, presented by the BWL Head of Performance (a list constructed with input from both WCP coaching and support staff). In doing so the Selection panel should ensure that the following criteria were applied in order of importance.

- 4.3.1 Does each athlete’s current performance suggest the potential for winning a medal in the combined total at the 2028 Olympic Games?
- 4.3.2 Does each athlete’s current performance suggest the potential for finishing top 8 in the combined total their respective category at the 2028 Olympic Games?
- 4.3.3 Does each athlete’s progress rate suggest the potential for winning medals at the 2026 World Championships?
- 4.3.4 Does each athlete’s progress rate suggest the potential for winning medals at the 2027 European Championships?
- 4.3.5 Does each athlete’s progress rate suggest the potential for winning medals at the 2026 Commonwealth Games?
- 4.3.6 Does each athlete’s progress rate suggest the potential for winning medals at future senior international competitions?

If the number of athletes proposed for selection exceeds the number of Programme places which BWL has been allocated by UK Sport for 2024-2025 (4.1.1, 4.1.2) the Selection Panel, at its discretion, reserves the right to: Explore whether UK Sport is willing to increase the number of APA awards available for BWL to allocate, or nominate unfunded athlete to the WCP ( any such athlete will be in receipt of medical insurance, at the cost of the WCP)

### 5. Conditions and Obligations of Selection

The membership period for this programme shall commence on 1 May 2026 and conclude on 30 April 2027, unless said period is expressly extended by British Weight Lifting to accommodate alterations to milestone competition dates, including, but not limited to, the World Championships 2026, European Championships 2027, and LA 2028 Olympic Qualification events.

Athletes representing Great Britain are expected to meet high standards of performance, preparation, and behaviour. The following section outlines guidance on those expectations.

If there is evidence suggesting that an athlete is not meeting the conditions and obligations listed below the Selection Panel and BWL reserve the right to investigate or assess each situation further. If, following such investigation, the Selection Panel concludes that an athlete has failed to meet any of the below conditions and obligations the Selection Panel at its discretion, reserves the right to:

- De-select the athlete
- Impose additional conditions of selection
- Request further assessment

Assessments of Injury, Illness, health, form or fitness will be conducted under the guidance of suitable, coaching, sport science and / or medical personnel as designated by the BWL Head of performance or their delegate (E.g. The designated team leader(s) for an event).

If BWL wishes to request an assessment outside of a competition or training camp, then the BWL performance team will provide reasonable notice of no less than 72 hours to the athlete.

If BWL wishes to request an assessment during a competition or training camp, then the BWL performance team may request an assessment as soon as is practically possible.

Should an athlete refuse to undergo a required assessment, the Selection Panel, in its sole discretion, reserves the right to de-select the athlete.

if an athlete's is de-selected during a training camp or competition overseas then BWL will initiate their repatriation as expeditiously as is reasonably safe and practicable.

## **5.1 Mandatory Conditions of Selection**

From the point of selection all athletes must:

- 5.2 Continue to meet all of the Minimum Eligibility Criteria (2.0).
- 5.3 Keep selection confidential until an official team announcement has taken place by BWL.
- 5.4 Attend no less than 3 WCP camps per year
- 5.5 Wear Team kit during training and competition as requested and provided by BWL.
- 5.6 Athletes must attend performance planning meetings with their assigned Performance Manager and agree clear performance targets for the next 12-months within four weeks of notification of their selection. Where an athlete fails to attend or refuses to do so, the performance team, at its discretion, reserves the right to set performance objectives for the athlete.
- 5.7 Inform the BWL Head of Performance Services immediately should you become ill or injured in anyway which could effect your ability to deliver against their annual performance targets.

## **6. Additional Conditions of Selection**

At point of selection, the selection panel, at their discretion, reserves the right to set additional 'conditions of selection' in any of the following key areas:

- 6.1.1 Capability to deliver against agreed performance targets
- 6.1.2 Athlete Health & Wellbeing (including Injury and Illness)
- 6.1.3 Engagement with the performance team and training camps & squads
- 6.1.4 Submit training and bodyweight information

6.2 Causes or Concerns for Injury and/or Illness – If any concern arising from an examination, observation or otherwise indicates that an athlete's Health & Wellbeing could be at risk if they continue to train or compete in Weightlifting then BWL will be entitled to request an assessment of the Athlete's Health, Form or Fitness.

6.3 Causes or Concerns for Poor lifestyle, form and fitness – From the point of selection all athletes must consistently demonstrate through their training and behaviour that they are on track to achieve agreed performance targets (6.1.6).

If any concern arising from an observation of training, testing, or otherwise indicates that an athlete is not on-track to achieve agreed performance targets (6.1.6), then BWL will be entitled to request an assessment of the

Athlete's Form & Fitness. BWL will provide reasonable notice of no less than 72 hours if it wishes to request an assessment.

**6.4 Funding & Sponsorship Conditions** – This World Class Programme is funded by BWL and UK Sport. In addition to the Athlete Performance Awards (APAs) that athletes receive directly, there are significant costs associated with various other aspects of World Class Programme delivery, including, but not limited to, camp costs, competition costs, staff costs, and athlete expenses. BWL asks all athletes to tag and thank UK Sport, The National Lottery for their support in in any social media posts during training camp and competition periods.

BWL recognise that athletes may have personal sponsors who support them. We recommended that athletes contact [matthew.curtain@britishweightlifting.org](mailto:matthew.curtain@britishweightlifting.org) to discuss potential conflicts with current or potential partners before signing any agreements. Failure to adhere to the terms outlined in the BWL 'Athlete Agreement' regarding sponsorship could result in de-selection.

**6.5 Causes or Concerns for Poor Behaviour** – Athletes should refer to the BWL Athlete Code of Conduct, the Athlete Agreement, and their programme induction pack for further guidance on what constitutes 'clumsy', 'inappropriate', or 'unacceptable' behaviour.

If an athlete's actions cannot be resolved, negatively impact other selected team members, or risk negatively impacting the performance of others or the team, BWL may investigate the situation through the BWL complaints and disciplinary procedure. Appropriate action, including de-selection or formal disciplinary action, may be taken if a satisfactory resolution cannot be achieved without compromising the following:

*6.5.1 The performance of the athlete*

*6.5.2 The performance of other individuals or the team as a whole*

*6.5.3 The reputation of BWL.*

*6.5.4 The health, wellbeing and safety of athletes, coaches, and support staff*

Clumsy behaviour, defined as behaviour that is awkward or insensitive in social situations, is not abnormal or uncommon. If an athlete exhibits occasional clumsy behaviour that falls below the standards outlined in the BWL Athlete Code of Conduct or the respective 'Age-group' Athlete Charter, BWL may initiate an informal resolution process involving all parties.

A resolution could include the behaviour being challenged by a member of BWL staff or other athletes, an informal apology to those affected by the athlete's behaviour, and formal or informal education to help the athlete understand how and why the behaviour falls below the desired standard. If an athlete repeatedly exhibits clumsy behaviour, despite informal warnings from BWL staff or other athletes, BWL may initiate a formal investigation through the BWL complaints and disciplinary procedure.

## **7. Injury, Illness, and Pregnancy**

It is highly likely that Weightlifters will, at some point in their careers, suffer a performance-limiting injury or illness (either physical or mental). Throughout a weightlifter's membership of the World Class Programme, rehabilitation from injury/illness will be managed by the BWL Sport Science & Medical personnel (working with an athlete's own external practitioners where relevant), in conjunction with the relevant coaching staff (including personal coaches where relevant). Provided a weightlifter makes every effort to adhere to their rehabilitation/prescribed treatment and follow medical advice (and does not do or fail to do anything which may jeopardise their recovery/return to performance), their programme membership (and associated support) will continue at its current level until the weightlifter's selection year ends, as outlined in section 5.

At this time, the programme membership of athletes affected by a significant performance-limiting injury or illness in any given selection year will be afforded a degree of protection.

Athletes who are unable to satisfy their agreed objectives or the criteria outlined in this policy due to significant injury/illness in the current selection year may be retained by the Selection Panel for a subsequent 12-month period.

In retaining an athlete on the BWL World Class Programme who has not met their agreed objectives or the criteria outlined in this policy due—either in full or in part—to a performance-limiting injury/illness, the

Selection Panel may add return-to-fitness (relative to the specific injury or illness) performance conditions to that weightlifter's membership. These conditions will be expected to be met in order for the weightlifter to be retained for the whole year, or in future years. These conditions may explicitly require a weightlifter to engage with appropriate science/medicine staff to support any ongoing medical or illness issues, and to engage in any testing/monitoring as reasonably required. For long-term injuries, BWL will follow UK Sport injury guidelines (see section 8 below).

Athletes who are not currently members of the BWL World Class Programme will not be afforded the same protections relating to performance-limiting injury/illness as described above. Potential new members who are offered programme membership may be expected to undergo a medical screening/profiling process prior to their place being confirmed. Should they have a current performance-limiting injury/illness at the start of their year, the prognosis of which is deemed likely to have an impact on the athlete's ability to progress, BWL reserves the right to withdraw their place on the programme.

**Pregnancy:** In the event that a weightlifter becomes pregnant during their selected year, BWL will follow UK Sport pregnancy guidelines (see section 12.8 below). The weightlifter would be expected to agree a reasonable and appropriate training and competition programme with the BWL Head of Performance and BWL Lead Performance Coach (or equivalent) that would timetable and plot the return of the weightlifter after childbirth to full competitive level, allowing them to satisfy the aims of the BWL World Class Programme (i.e., progress to future Olympic podiums).

Provided the weightlifter adheres to this reasonable and appropriate training and competition plan throughout pregnancy (and for the agreed period after childbirth), the athlete's programme status (and the associated support) will be protected. Should the weightlifter be unable to adhere to this plan with our ongoing support or change their mind about their continued membership of the programme, and/or they otherwise fail to satisfy the required criteria in the selection policy, their membership of the BWL World Class Programme will end at the end of their current selection year (or after a transition period of one month per year the athlete has been selected to a BWL World Class Programme, whichever is later).

## **8. Selection Panel**

The selection panel will normally comprise:

- The Independent Chair of the Performance Advisory Group (Chair)
- A member of the BWL Performance Committee
- A member of the BWL Performance Committee
- The BWL Head of Performance or nominated person in their absence

Other members of the BWL performance team may be in attendance to supply background information.

All conflicts of interest will be declared. A conflicted individual will not vote on that selection or be permitted to contribute to discussions unless their views are specifically requested by the Chair of the Panel. In the event of a tied vote, the Chair will cast the deciding vote based only on available evidence.

8.1 As a matter of best practice a written summary of the notes from this meeting will be recorded

8.2 All long-list Athletes will be notified by email of the selection decision no later than 17:00 on Friday of the week of selection (subject to change by BWL).

8.3 Athletes who are not selected will be provided with a clear reason for their non-selection in accordance with this policy to allow them to make an informed decision on whether to appeal.

## **9 Appeals**

A copy of the BWL Appeals Policy can be obtained [here](#).

**9.1 Athletes have the right to appeal if they are not selected**, in accordance with the 'BWL Selection Appeals Policy'. The deadline for submitting an appeal is 72 hours after notification of the selection decision (subject to change by BWL).

**9.2 Athletes have the right to appeal if they are de-selected**, in accordance with the 'BWL Selection Appeals Policy'. BWL will grant athletes a minimum of 72 hours to notify the organisation of their intention to appeal following notification of their de-selection.

**9.3 If an athlete wishes to appeal the selection panel's decision, they may request access to the summary of selection meeting notes relating specifically to their selection.**

BWL will not take further action to remove an athlete's eligibility to compete until a decision on any appeal has been reached.

BWL reserves the right to select another eligible athlete to replace a de-selected athlete until the final verification of entries meeting, subject to the conclusion of any appeal process.

**9.4 The appeals panel will normally comprise:**

- A legal representative (who shall be a qualified lawyer) – in a voting capacity
- An independent BWL Board member – in a voting capacity
- A second independent BWL Board member – in a voting capacity

At the request of the Chair, other members of the BWL performance team may be in attendance to supply background information only.

All conflicts of interest will be declared. A conflicted individual will not vote on the selection, nor will they be permitted to contribute to discussions unless their views are specifically requested by the Chair of the Panel. In the event of a tied vote, the Chair will cast the deciding vote.

## **10 Coaching and Support Services**

10.1 GB Podium athletes are expected to co-lead a support network of coaches and practitioners that will help them navigate the various challenges they are likely to experience throughout their athletic careers.

10.2 Athletes selected for the Podium Programme are offered access to the following support services: nutrition, psychology, sport science, lifestyle support, UKSI network Physiotherapy & Sports Medicine and performance testing. The frequency and nature of support should be agreed with the BWL Head of Performance at each annual or milestone review meeting.

10.3 Non-BWL-contracted (personal) practitioners must attend an annual planning meeting within one month of selection and subsequent review meetings after each milestone event.

10.4 Personal practitioners must make themselves available to meet with the Support Services Lead and Head of Performance to discuss their approach if agreed milestones are not met.

10.5 BWL will not approve or work with practitioners who do not meet UK minimum standards or an equivalent international standard for their specific discipline.

10.6 BWL does not fund personal practitioner support at World Class Programme level; this cost is borne by the athlete if they choose to work with a non-BWL-contracted practitioner.

10.7 Athletes selected for the BWL World Class Programme are welcome to continue working with their existing personal coach. If they wish to be coached by a BWL-contracted performance/pathway coach after selection to the programme, they are advised to make this request formally by email to the BWL Head of Performance, but they are not required to do so.

10.8 Non-BWL-contracted (personal) coaches must attend an annual planning meeting within one month of selection and subsequent review meetings after each milestone event.

10.9 Personal coaches must make themselves available to meet with the Lead Performance Coach and Head of Performance to discuss their approach if agreed milestones are not met.

10.10 BWL will not approve or work with coaches who do not hold a BWL coaching licence or an equivalent international standard (e.g. IWF International coaching license).

10.11 BWL does not fund personal coaches at World Class Programme level; this cost is borne by the athlete if they choose to work with a non-BWL-contracted coach.

10.12 In-person group coaching is provided up to three times per week at the BWL National Performance Centre at the University of Nottingham for any World Class Programme athlete (subject to the international and domestic competition calendar). BWL will also fund a full membership for all WCP athletes based at the National Performance centre to access facilities (including Spa facilities and bookable High performance zone during drop in sessions)

10.13 BWL will not actively encourage an athlete to change their personal coach or practitioner unless an athlete formally states their interest in doing so to the BWL Head of Performance. If an athlete makes a formal request, then BWL will ask the athlete to speak with their existing personal coach/practitioner to state their intention to change their provision before exploring the next steps for transition.

## 11. UKSport Athlete Performance Award

The Athlete Performance Award is in place to support athletes in covering living, training and competition costs associated with engaging in the British Weight Lifting World Class Programme.

The levels of award are based on costs incurred, and levels of performance success in the preceding twelve (12) months and LA or Brisbane medal potential.

## 12. LA 2028 Cycle APA Matrix and Associated Performance Criteria

The below matrix has been designed for the entire 4 years LA Olympic cycle and will stay in effect until April 30<sup>th</sup> 2029.

APA Level	Location	APA Award	Programme	Maximum length	Criteria
A	Flexible	£29,000 per annum (£2416 per month)	Podium APAs	No limit, subject to ongoing achievement of performance objectives	<b>Win an Olympic or World Championship total medal,</b>
B	Flexible	£24,000 per annum (£2000 per month)			<b>Top 8 ranking at the Olympic Games or World Championships,</b>
B*	Centralised	£20,000 per annum (£1666 per month)	Games Potential APAs	LA Games Potential awards are for no more than two years.	Offered to a previous A or B funded athlete who has failed to meet their annual performance markers but demonstrates genuine medal potential for LA 2028.
C	Centralised	£19,500 per annum (£1625 per month)	Podium Potential APAs	Athletes at levels C, D and E are limited to a combined total of six years at the Podium Potential athlete performance award levels	<b>Win a European medal, or achieve a top 15 ranking at the World Championships,</b> or lift 95% of the average load achieved by 6th to 8th place at the last three World Championships.
C1	De-Centralised	£9750 per annum (£812.50 per month)			Lift 90% of the average load achieved by 6th to 8th place at the last three World Championships.
D	Centralised	£15,000 per annum (£1250 per month)			

D1	De-Centralised	£7500 per annum (£625 per month)			
E	De-Centralised	£6,000 per annum (£500 per month)			<p>Lift 86% of the average load achieved by 6th to 8th place at the last three World Championships</p> <p>The athlete has competed at least eight times, demonstrated a minimum of 5% progress in their competition total over the past two years, has a consistent record of attending athlete development pathway training camps, and has engaged with the performance team to complete annual and pre-performance planning.</p>

*For clarity, a centralised athlete is defined as one who has committed to being physically present at the National Performance Centre in Nottingham for a minimum of three days per week, for at least 40 weeks per year. Mandatory WCP camps and international training camps organised by the BWL WCP contribute towards the required 40 weeks of engagement.*

**12.1 Podium APAs (Levels A & B)** – APAs at this level are designed to contribute to an athlete’s living and sporting costs, whose profile indicates a strong prospect of achieving/contributing to medal-winning performances at the Olympic or Paralympic Games within the cycle and who are already achieving/contributing to international results within the medal zone.

An A level award for an Olympic medal is a 4-year award in principle, subject to adherence to an IAP and annual performance delivery. Whilst a World medal is a 2-year award in principle, subject to adherence to an IAP and annual performance delivery.

A and B Level APAs are awarded for two years in principle (irrespective of Olympic or World medals), subject to adherence to an IAP and annual performance delivery.

**12.3 Purpose of LA Games Potential APAs (Level B\*)** – APAs at this level are designed to contribute to an athlete’s living and sporting costs. This is an opportunity for athletes who have been in receipt of a Podium level award, and who did not meet the competition outcome standards, to retain an A or B award, yet remain a strong medal prospect for LA 2028.

This award is typically only a 12-month award, but can be extended in exceptional circumstances through a panel case hearing.

**12.4 Purpose of Podium Potential APAs (Levels C, D & E)** – APAs at this level are designed to contribute to sporting costs for athletes who have been identified and confirmed as having the potential to bridge the gap to Olympic and medal success at the Brisbane 2032 Games and have made the commitment to pursue this goal.

Levels C1 and D1 carry the same performance criteria but are for athletes not centralised to Nottingham, although they have some associated WCP commitments that are required to be fulfilled for continued nomination (see 11.6).

These awards are all annual nominations based on achieving relevant criteria.

**12.5 Decentralised Funded Athlete Commitments** – Athletes awarded an APA at C1 or D1 levels who remain decentralised from regular programme activity must, as a minimum, commit to adhering to the following:

- 12.5.1 Report all injuries within 24 hours to the central medical lead and, where necessary, attend a review at the NPC (Nottingham).
- 12.5.2 Follow centralised rehabilitation programming and guidance, even when in a remote setting.
- 12.5.3 Attend agreed training camps to enable effective planning, goal-setting, and performance monitoring.
- 12.5.4 Sign a WCP athlete agreement.

APAs in the year of an Olympic Games. Where a senior World Championship takes place in a Games year, either before or after an Olympic or Paralympic Games, should the NGB wish to consider the inclusion of standards relating to these events as part of their selection criteria, this will be regarded as an exceptional case by UK Sport and will require discussion and confirmation prior to the finalisation of the Games year selection policy.

12.6 APA Means Testing – Means testing is applied to all APA awards to ensure UK Sport only targets resources where there is evidence of financial need. The principle of financial need underpins all public investment.

- 12.6.1 Means testing will apply to athletes whose total income (including APA) exceeds £65,000 per annum. Where this is the case, awards will be reduced pound for pound above this threshold.
- 12.6.2 Exceptional cases will be considered for applying a higher threshold where there is substantial evidence that the essential costs of pursuing Olympic or Paralympic medal success in the sport exceed £65,000 per annum.
- 12.6.3 Where the athlete declares that their income has been over £35,000 per annum (excluding APA), the athlete will be required to provide further evidence of this income.
- 12.6.4 Examples include: a) Income over the past 12 months (as an individual). b) Income per last self-assessment tax return (through self-employment). c) Net profit stated in the last set of company accounts (through running a limited company).
- 12.6.5 In assessing income, some discretion will be applied to the treatment of gifts and goods in kind, dividends in excess of profit, and some loans (e.g., student finance), to ensure the assessment of income provides a true reflection of the resources available to the athlete.
- 12.6.6 Where an athlete joining the programme experiences a significant reduction in their income as a result (for example, leaving full-time employment), UK Sport may, entirely at its discretion, allow the athlete to access an APA in their first year. UK Sport may seek repayment of this APA if, at the next financial assessment of the athlete's income (typically after a 12-month period), there is no evidence of a reduction as declared by the athlete.
- 12.6.7 Where an athlete that has previously (i) not received an APA or (ii) received a reduced APA due to the means testing process, and is experiencing a significant reduction in their income during the APA award period, then the athlete will be eligible to reapply, providing evidence of a reduction in income and any other relevant documentation.
- 12.6.8 It is the athlete's responsibility to ensure that UK Sport is provided with accurate information on income. A series of validation checks are undertaken each year, and should it be found that inaccurate information has been provided, this may lead to the APA being withdrawn.
- 12.6.9 UK Sport reserves the right to conduct random checks and ask for further documentation from athletes above and beyond the standard annual audit carried out by external parties, to validate an athlete's income declaration.
- 12.6.10 Athletes and NGBs should be aware that knowingly making false statements and/or failing to make a full and fair disclosure of information relevant to the financial needs assessment is both a breach of the UK Sport Eligibility Policy and may constitute fraud. UK Sport takes the offence of fraud (including theft, corruption, and bribery) seriously, and where any instance of fraud or an attempt to defraud occurs, UK Sport will take appropriate action, including reporting to the police.

12.7 AMS Cover – The Athlete Medical Scheme (AMS) is private medical insurance cover for athletes whilst training and competing in their sport. It is provided as an additional benefit from UK Sport (UKS) to all APA-nominated athletes, and works alongside the support services they receive from the World Class Programme.

12.8 Injury and Illness. In the event of injury/illness (both physical and mental), and in cases where an athlete is considered likely to recover to full fitness for training and competition, the athlete should continue to receive their full APA for up to three months from the point the injury/illness occurred or was identified.

The principle of financial need underpins all public investment.

- 12.8.1 If, after three months, the athlete remains unavailable for full selection or training, an expert review should be undertaken to confirm the likelihood that the athlete remains able to pursue success in the Olympic/Paralympic Games, to agree a programme of rehabilitation, and to plot a timetable for return to full training and competition.
- 12.8.2 Each case will be considered on its own merits, and further expert advice may be sought where the long-term impact of the injury/illness is unclear (such as referral to the mental health panel). The athlete's progress against the timetable will need to be reported to UK Sport every three months thereafter, until the athlete has either fully resumed training and competition or left the programme.
- 12.8.3 Subject to satisfactory evidence of the likelihood of return, the APA should continue to be paid at the existing award level for up to a year, but will only be extended beyond this in exceptional circumstances.
- 12.8.4 Where there is medical evidence that the injury/illness will affect the long-term potential of the athlete, or where the athlete has shown neither progress nor commitment to the agreed rehabilitation programme, the athlete can be removed from APA support, provided an appropriate period of notice is given.

12.9 Pregnancy – Being pregnant and an elite athlete should not be mutually exclusive. To ensure support is provided for athletes who wish to have a child whilst they are in membership of a high-performance programme and in receipt of an APA, the following policy will apply:

Athletes in receipt of APA funding will remain eligible to access their full APA (subject to means testing) for the duration of the pregnancy, at the APA level they were on at the time of becoming pregnant, and for up to nine months post-childbirth.

Continued access to the APA post-childbirth will be dependent on:

- 12.9.1 The athlete's intention to return to the sport and the programme being discussed and confirmed no later than six months post-childbirth.
- 12.9.2 At the point where the intention of the athlete is clear, forming a mutually agreed plan/timetable for return to training and competition – this plan should acknowledge the athlete's experience of pregnancy, the impact on them physically and mentally, and the nature of the event they are returning to.
- 12.9.3 Monitoring, reviewing, and confirming that the athlete has made the necessary commitment to this plan and is on track to return.
- 12.9.4 If the level of commitment and/or progress against this plan are not demonstrated, the athlete would be given notice and offered a period of transition before the APA funding stops (see Transition of APA completion).
- 12.9.5 At nine months post-childbirth, the potential of the athlete should be assessed and confirmed to UK Sport in order to continue to access the APA. It is important to note that this assessment should indicate the athlete's future medal potential and not necessarily performance outcomes.
- 12.9.6 An athlete who announces retirement from their sport during pregnancy or in the initial six months post-childbirth will not be given a further period of notice before the APA terminates.
- 12.9.7 In the event of complications either during the pregnancy or post-childbirth, this policy will be flexed as is reasonable to accommodate these circumstances on a case-by-case basis.
- 12.9.8 UK Sport has commissioned further research into athletes' experiences of pregnancy, with the aim of providing further guidance about how athletes should be supported through pregnancy and post-childbirth.
- 12.9.9 UK Sport reserves the right to adjust this pregnancy policy where the findings of this research suggest the policy should change.

12.10 Athlete Programme Breaks – An athlete may request 'time away' from their sport.

Typically, athlete programme breaks will be undertaken in the first two years of a cycle (typically four years).

In the event of an athlete taking a programme break, the APA can continue to be received for a maximum of 12 months.

For breaks of up to 6 months, the athlete will receive their full APA (subject to means testing) from the point the break is agreed with the Head of Performance. For requests of between 7 and 12 months, the athlete will receive 50% of their APA.

Each case will be considered on its own merits, reflecting on, but not limited to, the following criteria:

- 12.10.1 The athlete's performance trajectory and selection expectations, considering any impact on World rankings, qualification (should the request be made within the cycle), and any other considerations that might materially impact on the athlete's ability to meet agreed Games targets. Athletes should acknowledge the impact this may have on the APA nominated for at the formal athlete review.
- 12.10.2 A strong performance rationale for the break.
- 12.10.3 An agreed fitness programme being in place, ensuring an appropriate level of fitness is retained to enable a smooth transition back into the programme at a mutually agreed time.
- 12.10.4 Touch points with the programme being agreed.
- 12.10.5 Upon agreement of a programme break, the athlete will need to be renominated for an APA on the Athlete Nomination Portal, for up to a maximum of 6 months. At 6 months, an athlete review will be conducted, and a renomination is required.
- 12.10.6 For programme breaks of less than 3 months, nominations are not required.
- 12.10.7 Continued access to the APA post-programme break will be dependent on
- 12.10.8 The athlete's intention to return to the sport and the programme being discussed and confirmed no later than one month before the programme break end date.
- 12.10.9 At the point where the intention of the athlete is clear, forming a mutually agreed plan/timetable for return to training and competition.

12.11 Athletes Joining the Programme – All athletes should participate in a comprehensive induction process when joining the high-performance programme and when changing between levels of the Performance Pathway. Where athletes are new members of the programme and are receiving an APA for the first time, the sport should ensure the athlete(s) are provided with sufficient support and opportunity to effectively transition into the programme.

12.12 Transition Between Sports – Where an athlete is attempting to transfer between two sports, and is currently in receipt of an A, B, C, or Games Potential APA, the athlete can be nominated for a transitional APA for up to two years before being expected to meet the APA selection standards in the new sport.

12.13 APA continuation – The APA can be extended beyond 12 months where circumstances prevent an athlete from achieving a result or performance. This could include:

- 12.13.1 Injury, illness, or pregnancy
- 12.13.2 External factors such as cancelled competition opportunities
- 12.13.3 The sport's schedule for athlete selection not aligning to this timescale.

12.14 Transition Between Countries – Athletes who wish to transfer from another country to compete for Team GB, ParalympicsGB, and the NGB at international competitions are not eligible to receive Public Funding and/or Publicly Funded Benefits until the athlete (in addition to obtaining a British Passport or British Nationality) has received written confirmation from the BOA and the NGB of their eligibility to compete at international competitions.

Where a GB athlete wishes to transfer to and compete for another country, and/or if they have already qualified for the other country and obtained results (which means they are no longer eligible to compete for or represent GB at international competitions), then the athlete will not be entitled to receive any Public Funding and/or Publicly Funded Benefits, as outlined in paragraph 3 of the Eligibility Policy.

12.15 Athletes Leaving the Programme – NGBs must state from the outset—with UK Sport and when athletes join the high-performance programme—the policies and processes that they will follow and the support available for the health and welfare of athletes leaving the programme.

A notice period of one month must be provided to all athletes who are no longer nominated for an APA, or who will receive a reduction in APA funding due to the grade at which they have been nominated. This period of notice should be within an athlete's current award term. For example, an athlete in receipt of an APA from 1 April 2024 to 31 March 2025 should be informed that they are no longer nominated for an APA through their athlete review by 28 February 2025. This is to allow for this notice period and paperwork to be processed. UK Sport accepts that this clause may not be factored into sport athlete selection policies at the time of publication, and timelines may have already been agreed for the 2025/2026 competitive season.

Consequently, it is expected that this is included in athlete selection policies for the following season.

Athletes who are no longer nominated for an APA must receive formal and written confirmation of their one month's notice, and the period of any additional transitional funding received, as per the framework. The start date (first day of the month) and end date (last day of the month) should be clearly stated. It is recommended that the Performance Lifestyle Practitioner is copied into this confirmation.

1 This policy point relates to providing confirmation that the athlete will no longer be nominated for an APA or be nominated at a lower APA level. It is expected that the athlete will have been given advance notice of this potential outcome as part of regular athlete review processes.

Transitional funding will be offered at the current APA grade for a period dependent on the total continuous period of programme membership. This additional transitional funding will be provided as follows:

1 year = 1 month, 2 years = 2 months, 3 years + = 3 months

Where appropriate, programmes will be expected to provide continued access to essential services and support during the transitional period, and specifically to medical services where this is necessary to support the treatment of a pre-existing medical condition.

Whilst sports are asked to accommodate as much of the transitional award period as possible within the current award term, new athletes can be nominated before the transitional award period ends. Any new athletes brought onto the programme during this period will not count towards the sport's utilisation figures.

Once an athlete leaves the programme, they will no longer receive access to medical cover through AMS. However, AMS cover will continue for up to a maximum of three months after the month their funding ceases, for an existing medical claim and treatment to finish. No new claims can be opened within this three-month extension period. If an athlete's pre-authorised treatment is postponed and the rearranged date is outside this 3-month window, the athlete must contact the AMS Manager at [ams@teamgb.com](mailto:ams@teamgb.com) as soon as possible to ensure the rearranged treatment will be covered.

Where an athlete is leaving the programme for disciplinary reasons, or due to a lack of engagement in the programme, the NGB and UK Sport, in consultation, have the discretion to revoke any transitional funding.

Any athlete returning to the programme having previously received transitional funding will begin a new period of programme membership, as per the framework above.

12.16 Suspension. The Head of Performance may recommend to UK Sport that an athlete is suspended from the BWL World Class Programme as a result of non-compliance with APA eligibility criteria, or in response to a formal disciplinary process at any time during the investment period. This would be reviewed under the UK Sport Eligibility Policy to ascertain if a funding suspension is also imposed.

Further information regarding the circumstances around suspension from the WCP is documented within BWL's Codes of Conduct, Disciplinary Policies, and the Athlete Performance Award Agreement.

## **APPENDIX A - Consideration for selection under extenuating circumstances**

---

**Criteria for consideration** - Athletes experiencing challenges related to any of the following criteria may apply for Extenuating Circumstances that have affected their ability to meet minimum eligibility criteria (2.0) or minimum qualification standards (3.0) for the programme but will not limit their ability to deliver a performance in excess of the MQS (3.0) in the first 3 months of this programme.

- Academic limitations
- Vocational limitations
- Financial limitations
- Poor physical wellbeing
- Poor mental wellbeing

### **Supporting Evidence**

The athlete must submit a written request for discretion by email to [tara.drake@britishweightlifting.org](mailto:tara.drake@britishweightlifting.org) no later than 23:59 on the last day of the qualification period.

- The request must clearly outline the individual's request for discretion and should consider the criteria below. (no more than 250 words)
- A signed and dated supporting statement or evidence from a relevant individual (e.g., Psychiatrist, Doctor, Teacher, Line Manager, depending on the nature of the request). This individual cannot be a relative of the athlete.

**Review Process** –The Selection panel as a whole will be presented with the written discretion and asked to consider its relevance prior to the selection discussion (5.0)

- Is the request for exemption considered reasonable and is the evidence provided considered to be true and accurate?
- Is the athlete engaged in a BWL programme and do they have an up-to-date BWL annual plan?
- Does the panel agree that not competing during the qualification period serves the best interest of the performance of the athlete and / or team?
- Does the panel agree that membership to the World Class Programme is in the best interest of the athlete and / or team considering their individuals current extenuating circumstances?
- Could selection of the athlete displace the selection of another athlete who has fulfilled all minimum eligibility criteria? If yes this should be considered during final team selection (5.3)
- Has the athlete lifted the qualification standard in the last 12 months in the same category they have declared interest to compete in?
- Has the athlete fulfilled all other minimum selection criteria, and would the panel have selected them during the selection process under normal conditions?

**Accepted Solutions** - If the case for extenuating circumstances is granted the panel can propose any or all the following solutions:

- The panel can choose to consider historic results recorded prior to the qualification deadline and select the athlete
- The panel can choose to extend the qualification period for the athlete to allow them more time to fulfil the necessary qualification criteria that the extenuating circumstances prevent them from demonstrating.
- The panel can request that the athlete completes a 'Fitness test' on a defined date, time, and location in the presence of the performance team to demonstrate that they can achieve key performance targets.

## APPENDIX C - Definition of Key Terms

---

**British Olympic Association (BOA)** – the organisation which governs and approves the selection of “Team GB” athletes and Officials for the Olympic Games.

**British Weight Lifting (BWL)** – the National Governing Body for Weightlifting in the UK

**Commonwealth Games England (CGE)** – the organisation which governs and approves the selection of “Team England” athletes and Officials for the Commonwealth Games.

**Commonwealth Games Federation (CGF)** – the organisation which governs the Commonwealth Games

**Commonwealth Weightlifting Federation (CWF)** – the commonwealth federation which governs the sport of Weightlifting across the Commonwealth, overseeing the Commonwealth Championships and the Weightlifting event at the Commonwealth Games.

**Dispute** – any claim, action, suit, arbitration, proceeding, investigation, complaint or prosecution to which the Athlete is a party or materially involved details of which it appears necessary (in BWL’s sole discretion) to make available to the Selection Panel.

For example only (and without limitation to BWL’s discretion) if an athlete is under investigation for and/or charged with conduct which:

- A) (if convicted) amounts to criminality for which a custodial sentence may be given and/or criminality which harms or places in danger other individuals; or
- B) would bring or brings BWL and/or the sport into serious disrepute;

then details of this kind of Dispute may be notified to the Selection Panel if BWL believes it will ensure factors such as (and without limitation) fairness, safety of any other individuals participating in the programme (or training and and/or the reputation of: BWL, the sport and/or the Programme.

**Engaged Performance Athlete** – an athlete who is present at 80% or more of the BWL Camps & Training Squad opportunities they are invited to attend and has worked in collaboration with the NGB to maintain an up-to-date performance plan which includes a competition plan and clearly articulated development objectives.

**European Weightlifting Federation (EWF)** – the continental federation which governs the sport of Weightlifting in Europe, overseeing major continental championships etc.

**International Olympic Committee (IOC)** – the organisation which governs the Olympic Games and affiliated international federations (e.g., the IWF)

**International Weightlifting Federation (IWF)** – the federation which governs the sport of Weightlifting globally

**Long List Athlete** – An athlete who has completed an application of interest and submitted all other necessary documents prior to the specified deadline.

**Performance Targets** – With consideration for the expectations of key funding partners BWL reserves the right to agree individualised performance targets specific to the athlete, event, or both. BWL will communicate performance targets in writing with each athlete no less than 6 weeks before any event. If no performance target is set BWLs generic performance targets for international competition will apply. BWLs generic performance target for international competition are as follows:

- Athletes should make a minimum of 4/6 lifts
- Athlete should lift no less than equal to their Personal Best for the selected weight category

**Sport England** – a funding organisation who provides funding to support grass roots and the development of elite sport pathways in England for athletes who demonstrate potential to win medals at the Commonwealth games.

**Sport Scotland** – a funding organisation who provides funding to support grass roots and the development of elite sport pathways in Scotland for athletes who demonstrate potential to win medals at the Commonwealth games.

**Sport Wales** – a funding organisation who provides funding to support grass roots and the development of elite sport pathways in Wales for athletes who demonstrate potential to win medals at the Commonwealth games.

**UK Sport** – a funding organisation who provides funding to support the development of elite sport pathways in the United Kingdom for athletes who demonstrate potential to win medals at the Olympic games.
