ADVANTAGES

QUICK & EASY FUNDING

On Sponsorise.Me, a project raises an average of £1,500 in 30 days.

PERSONAL SUPPORT

Sponsorise.Me's campaign managers provide BWL's members with specific support and advice.

SAFE & SECURE

Sponsorise.Me takes client privacy & protection seriously. Everything is done to protect both project owners & backers.

LEADING PLATFORM

With more than 1,000 projects funded, Sponsorise.Me is the world's leading sports crowdfunding platform.

Sponsorise.Me is a Sports Crowdfunding platform dedicated to helping grassroots athletes, clubs and organisations find funding through a unique and modern route.

Crowdfunding is raising money directly from a large number of people all pledging relatively small amounts.

As anyone who has ever done any fundraising knows, its easier to raise £50 twenty times than £1000 at once.

This is a unique opportunity for British Weightlifting's clubs and members to receive funding and engaging with their supporters. For projects such as new sets of weights for all age groups, platforms, costs of competing abroad etc.

Crowdfunding is an alternative (or complementary) way of raising funds for projects by asking people in the local and wider community to donate small amounts of money to your project. In exchange of their financial contribution, supporters receive unique rewards from the project owner (A training session, a signed shirt, tickets to an event, etc.)

If you have a project in mind you can submit it to Sponsorise.Me by [clicking here](#).
