Covid-19

*Due to the on-going challenges caused by Covid-19, the 2020 international weightlifting competition calendar remains very uncertain.*

*BWL feels strongly that any decision to send teams to international competitions in-light of the challenges around the world must be continually reviewed on a case by case basis. BWL will continue to review guidance shared by the British Government, UK Sport, Public Health organisations across the UK and other key stake holders to inform our understanding of the risks, challenges and restrictions across both the domestic and international landscape.*

*We appreciate this is a difficult and uncertain time for all of Britain’s leading Weightlifters, but we ask you to respect that the health and safety of all athletes, support staff and their families will remain our main priority for any decisions made on the selection of GBR international competition teams while the challenges around Covid-19 continue.*

*If at any stage BWL feel that the safety of athletes or staff could be at risk or insufficient information is available to inform our planning or decision making, then we reserve the right not to send a team to ‘EWF European Junior & Under 23 Championships 2020’ with immediate notice.*

*All athletes who are provisionally selected will be asked to undergo a virtual 1-1 with the BWL talent manager to explore (1) the risks of Covid-19, (2) the risks of preparing for competition in a home training environment and (3) the opportunity to ‘opt in or ‘opt out’ based on the information they hear during their 1-1. In the case of under 18s a Parent/Guardian must be present.*

*A number of Amendments have been made to this policy considering Covid-19. These amendments have been highlighted in yellow throughout*

BWL Athlete Dashboard
The selection panel will be provided with key information about each athlete to support voting members to make informed, objective decisions. The Dashboard includes the following information on each athlete;

3.1.1 BWL Performance funnels

The advice and experience of BWL International Arena coaches and the BWL performance team will also be considered throughout the selection process.

4. Selection Process
The selection panel will convene to select athletes during the week beginning (subject to change by BWL). The selection process will be conducted by a BWL selection panel. The Selection process will take place in 3 phases outlined below.

**Selection Phase 1 (Selection based on developing athletes with potential)**

4.1 If the athlete has achieved the minimum qualification standard (3.1), the BWL selection panel must determine if the athlete is on trajectory to medal at international championship events in future considering the following;

- 4.1.1 *The lifter’s Annual Progress Rate should be >=104% (see appendix 1)*
- 4.1.2 *The lifter’s Average number of successful lifts made in competition should be >=4/6 lifts (see appendix 2)*
- 4.1.3 *International performance trends*
- 4.1.4 *The athlete’s ‘Virtual Submission’*

**Selection Phase 2 (Final selection of the team)**

4.2 The IWF/EWF maximum team size for this event is ten (10) male and ten (10) female athletes

4.3 The number of lifters selected in each weight category will not exceed two (2)

4.4 If the number of athletes per category selected using the criteria in (4.1) and (4.2) is greater than the maximum number of athletes per weight category (4.4), the selection panel at their discretion reserves the right to select the athletes who have demonstrated the greatest potential to medal at Paris 2020 and/or Birmingham 2022.

4.5 If the number of athletes identified using the criteria in (4.1) and (4.2) is greater than the maximum Team Size (4.3), the selection panel at their discretion reserves the right to select athletes who have demonstrated the greatest potential to medal at Tokyo 2020 and/or Birmingham 2022.

4.6 If the number of athletes identified using the criteria in (4.1) and (4.2) is less than the maximum Team Size (4.3), the selection panel at their discretion reserves the right to select athletes who have demonstrated the greatest potential to medal at Tokyo 2020 and/or Birmingham 2022.

4.7 The selection panel at their discretion reserves the right to set additional conditions of selection for any/all athlete’s where reasonable doubt exists around;

- 4.7.1 *Capability to deliver against performance targets*
- 4.7.2 *Athlete Health & Fitness*
- 4.7.3 *Performance trajectory*
- 4.7.4 *An Athlete’s ability to train safely in-line with Covid-19 social distancing laws without interruption for a minimum of 10-weeks prior to the competition start date*

4.8 Athletes must consistently display performance related behaviours, which provide the selection panel with confidence that they have the capability to achieve performance objectives.

The selection panel at their discretion reserves the right to deselect an athlete at this stage if reasonable doubts exist about any athlete’s behaviour, which they feel could negatively impact;

- 4.8.1 The performance of the athlete,
- 4.8.2 The performance of the team as a whole
- 4.8.3 The reputation of BWL.
- 4.8.4 The health and safety of the athletes, support staff or their family members

5. Self-funding
If BWL funding is not available to fund an athlete’s participation the selection panel at their discretion reserves the right to offer an athlete the opportunity to self-fund, considering the following;

5.1 The athlete or home nation has confirmed an ability to self-fund, by emailing stuart.martin@britishweightlifting.org before 12:00, to declare their ability to self-fund.

5.2 The athlete has demonstrated willingness to adhere fully to BWL travel and accommodation arrangements at previous international competitions.

If the selection panel decides it is appropriate to offer an athlete the opportunity to self-fund, the athlete must;

5.3 The athlete must have paid the full agreed amount of financial costs to BWL before 12:00, (subject to change by BWL). A breakdown of approximate costs will be provided at point of selection, costs are expected to be around £2000 per person

5.4 The deadline for refunds on flights will be communicated with athletes at point of purchase. BWL work with ATPI travel to ensure we use safe, efficient and cost-effective travel routes. Flexible flights are purchased where possible to account for emergency changes but in cases where cost is critical, flights may be non-transferrable and/or non-refundable.

5.5 Accommodation/Accreditation. Refunds after the EWF deadline for final entries will be determined by the EWF or Host Federation.

5.6 BWL provides travel insurance for all individuals through our insurers (RSA). In the event you wish to make a claim please contact Sue.Ward@britishweightlifting.org.

5.7 Athletes selected with aspiration funding must remain on trajectory to qualify for Tokyo 2020. If a UK Sport review concludes that an athlete is no longer on trajectory and removes their aspiration funding, the athlete will be given the option to self-fund or withdraw from competition.

5.8 In the event that an athlete who has agreed self-funding fails to make payment prior to the payment deadline (5.3), BWL retains the right to deselect the athlete with immediate action.

Athletes are advised to sign-off fundraising ideas with Ashley.Metcalf@britishweightlifting.org to avoid any potential conflicts or embarrassment with current or potential partners.

7.1 Any cause for concern over injury, illness, strength or body composition/weight arising from an examination or otherwise will lead to the athlete needing to demonstrate their fitness by undergoing fitness assessments at intervals deemed appropriate by BWL.

7.2 If an athlete displays behaviour that reflects poorly on BWL, themselves or other selected team members, BWL is entitled to investigate the situation fully. In the event that the actions of the athlete cannot be resolved, negatively affect other selected team members or there is a risk that there will be a negative effect on performance of other individuals or the team at the championships, then BWL may outline an appropriate course of action to resolve the situation or deselect the athlete in question.

7.3 Athletes are expected to achieve key performance targets at the championships, BWL will be entitled to specify any reasonable method requiring a selected athlete to confirm their continued health, fitness or body composition/weight.

9. **Appeals**

Athletes have the right to appeal their non-selection or de-selection in accordance with the “BWL Selection Appeals Policy”. A copy can be obtained by contacting the BWL main office. Deadline for submitting appeals is 12:00, tbc (subject to change by BWL).
Appendix 1 - Annual Progress Rate

Junior athletes must demonstrate annual progress of 106% across the 12 months prior to the selection deadline. To qualify for international competition, athletes are expected to demonstrate progress rates which give the selection panel confidence that their performance trajectory is aligned to success at Olympic, Commonwealth, World, and European Senior level. Progress rates will be calculated from the best performance recorded at an IWF/EWF/BWL licensed competition 12–15 months prior to the qualification deadline for the international competition which the athlete is being considered for.

The Annual Progress Rate is calculated using the formula:

\[
\frac{\text{Best competition performance during Selection Period}}{\text{Best competition performance during } 12-15 \text{ months prior to the selection deadline}} \times 100 = \text{Progress rate (\%)}
\]

Appendix 2 – Average Number of successful lifts made in competition

The BWL Performance program expects athletes to demonstrate an average of >=4/6 successful lifts in the competition environment. The table below shows the number of successful lifts and no lifts for different attempts and their respective success ratios for snatch and jerk lifts.

Data from World & Olympic Medallists 2009-2019

Athletes should demonstrate the ability to consistently deliver >4/6 lifts in domestic and international competitions with maximal loads (to the rules). In doing so, lifters enable arena coaches to take advantage of field of play tactics to maximise athlete ranking.

Athletes should be capable of delivering maximal and near maximal performances a minimum of 4 times per year. In-line with new Olympic and Commonwealth Qualification procedures, success ratio in senior athletes is calculated from each athlete’s 4 best competition performances across the 12-months prior to the selection deadline for each competition.

The average number of successful lifts in competition is calculated from the 4 best competition performances in the twelve (12) months prior to the selection deadline, using the following formula:

\[
\frac{\text{TOTAL Number of successful attempts in 4 Best competition performances}}{\text{TOTAL Number of attempts in 4 Best competition performances}} \times 6 = \text{Average Success Ratio (} /6\text{)}
\]
**Appendix 3 – Virtual Submission Protocol**

Due to the challenges caused by the Covid-19 Pandemic, BWL wish to provide athletes with the opportunity to submit a virtual submission as ‘proof of fitness and / or the opportunity to lift the minimum qualification standard.

BWL recognises that not every athlete has the same opportunity to prepare for competitions during Covid-19, however we wish to strongly discourage athletes who do not have access to appropriate and safe training facilities in-line with government guidelines from entering a ‘virtual submission’ or risking their health or the health of others to prepare for this competition.

In the case of Athletes who do have access to appropriate and safe training facilities and have not lifted the required ‘qualification standard’ in a BWL Sport 80 competition you may submit a ‘Virtual Submission’ to demonstrate your ability to lift the BWL Qualification standard, if you are in the condition to do so. BWL does not expect athletes to ‘Cut weight’ at this time, Bodyweight discretion will be given in line with ‘appendix 4’

In the case of Athletes who do have access to appropriate and safe training facilities and already lifted the required qualification standard in a BWL Sport 80 competition, a ‘Virtual submission’ must still be submitted to demonstrate;

a. That they are capable of lifting at least 95% of the qualification standard in ‘Appendix 4’ (‘Qualification Standard’ x 0.95)

b. That their current bodyweight falls in line with the bodyweight discretion in ‘Appendix 4’

The following information will outline the protocol for your submission. Please read this information thoroughly, submissions which do not meet the requirements of the protocol outlined will be rejected.

Athletes must submit one (1) ‘Weigh In Video’, one (1) ‘Lifting Video’ (for Snatch) and one (1) ‘Lifting Video’ (for Clean & Jerk)

‘Weigh In Video’ submission

1. ‘The Lifter’ will be given a 1.0kg addition / discretion to their bodyweight, for their outfit.
   - E.g. a lifter weighing 64kg in clothing will be considered as weighing 63kg
2. The Lifter must weigh-in wearing the same outfit they wear during all 6 submission attempts
   - E.g. T-shirt & Leggings or an all in one Lifting suit
3. The Lifter must weigh-in without footwear or accessory equipment
   - E.g. Knee Sleeves or Belt
4. The Scale must have a digital display
5. The Scale’s Digital display must be visible, and the Lifter must be fully visible when stepping onto the scale throughout the weigh-in video.
6. The ‘Weigh-in Video’ must contain a time stamp (Date & Time)

‘Lifting Video’ submission

7. The ‘Lifting Video’ must contain a time stamp
8. Lifts must be completed within 3 hours of your weigh in.
   - E.g. Weigh in filmed at 10:00, Lifts filmed between 10:00 and 13:00.
9. The submission video may contain up to;
   - Three (3) attempts of the snatch lift
   - Three (3) attempts of the Clean & Jerk lift
10. The ‘Lifting Video’ must;
    - Capture an unobscured view of the Bar, Weight Plates and Lifter from the start to the end of the lift
- The camera must be placed directly in front of the lifter and raised to approximately chest height.
- All Weight Plates must be in kilograms.
  - **If you are** using competition colour weight plates, you must show the plates on each side of the bar after they have been loaded.
  - **If you are not** using competition colour weight plates, you must unload and show the plates on each side of the bar after they have been loaded.

**Virtual Submissions may be rejected for the following reasons:**

11. The Lifter **must** not use Pulling straps
12. The Submissions must include a ‘Weigh in Video’
13. ‘Lifting Videos’ that do not display the Weight in Kg of Weight plates after a lift will be rejected.
14. Videos filmed from the ground or from the side will **not** be accepted.
15. Virtual submission was submitted outside of the Qualification window

If any issues arise which prevent an athlete from uploading their submission, the athlete must email stuart.martin@britishweightlifting.org to confirm the difficulties they are having before the end of the submission deadline, 23:59, 12/07/2020
