

Event: IWF World Senior Championships 2021

Date: 07-17 December 2021

Location: Tashkent (Uzbekistan) – *Birmingham 2022 qualification event*

Covid-19

Due to the on-going challenges caused by Covid-19, the 2021 international weightlifting competition calendar remains very uncertain.

BWL feels strongly that any decision to send teams to international competitions in-light of the challenges around the world must be continually reviewed on a case by case basis. BWL will continue to review guidance shared by the British Government, UK Sport, Public Health organisations across the UK and other key stake holders to inform our understanding of the risks, challenges and restrictions across both the domestic and international landscape.

We appreciate this is a difficult and uncertain time for all of Britain's leading Weightlifters, but we ask you to respect that the health and safety of all athletes, support staff and their families will remain our main priority for any decisions made on the selection of GBR international competition teams while the challenges around Covid-19 continue.

If at any stage BWL feel that the safety of athletes or staff could be at risk or insufficient information is available to inform our planning or decision making, then we reserve the right not to send a team to 'EWF European Senior Championships 2021' with immediate notice.

All athletes who are provisionally selected will be asked to undergo a virtual 1-1 with the BWL talent manager to explore (1) the risks of Covid-19, (2) the risks of preparing for competition in a home training environment in the event of further lockdowns and (3) the opportunity to 'opt in or 'opt out' based on the information they hear during their 1-1. In the case of under 18s a Parent/Guardian must be present.

| Success ratio | 81% | 72% | 55% | 87% | 72% | 45% | 68.71% |

Data from World & Olympic Medallists 2009-2019

Athletes who demonstrate the ability to consistently deliver >4/6 lifts in domestic and international competitions with maximal loads (to the rules). In doing so lifters enable arena coaches to take advantage of field of play tactics to maximise athlete ranking.

In-line with new Olympic and Commonwealth Qualification procedures athletes must be capable of delivering maximal and near maximal performances a minimum of 4 times per year. Success ratio in senior athletes is therefore calculated from each athlete's 4 best in person competition performances across the 2 years prior to the selection deadline for each competition.
